Q Software Global Ltd Showcases Security and Compliance Solutions for users of Oracle ERP Applications at Collaborate 11

Affordable Tools Address the GRC Needs of Oracle JD Edwards, PeopleSoft and E-Business Suite Customers

Q Software Global, an Oracle Gold Partner and provider of risk management, compliance and security solutions for Oracle ERP application users, proudly presents their extensive range of GRC tools at Collaborate 11 in Orlando, Florida from April 11-14.

The company will be at booth # 609 with the other JDE Alliance members, where they will present on:

- The Security Implications of Upgrading JD Edwards EnterpriseOne
- All Doors Closed Security in a Day
- Effective Segregations of Duties in JD Edwards EnterpriseOne.

David Hunt, Marketing Director, will also present “**JD Edwards World Security in Five Minutes with the Right Security Tools**” on Monday April 11 at 1:15 pm in Room 209A (Session 86430).

The latest version of Q Software’s security and compliance suite for JD Edwards EnterpriseOne 9.0 has recently been validated by Oracle as part of its Oracle Validated Integration (OVI) program. Q Software was the first Oracle Partner to achieve OVI for its security solutions for JD Edwards back in 2007 and this recent validation demonstrates the company’s continued commitment to Oracle and its JD Edwards customers.

JD Edwards users are invited to Booth # 609 to see how Q Software’s solutions can help them set up and manage security within minutes. Visitors to the booth can also collect a wristband to gain entrance to the JDE Alliance inaugural party that will be held at Tommy Bahama’s Restaurant and Bar on Tuesday evening from 6:00-10:00pm.

Oracle E-Business Suite users will be able to learn more about Q Software’s affordable tools for Segregation of Duties, Auditing and Data Segregation and Security at booth # 609. These solutions enable users to reduce the risk of losses due to fraud or inadvertent error, as well as to satisfy compliance regulations cost-effectively.

Q Software will also be at Smart ERP Solutions booth # 560, demonstrating their tools for PeopleSoft users who need to implement flexible row security, to match their operational structure and procedures, or effective Segregations of Duties Control without incurring customization costs.
