## Q Software Global Ltd Announces First Accredited Q Software Technical Professional

*Matt Vanderkooy of ERP-One is Endorsed for Technical Excellence in Delivering Services for Q Software's Security and Compliance Solutions for JD Edwards EnterpriseOne users*

Q Software Global, an Oracle Gold Partner and provider of risk management, compliance and security solutions for Oracle ERP application users, has certified its first Accredited Q Software Technical Professional: Matt Vanderkooy of ERP-One Consulting Inc., a technical consulting firm specializing in JD Edwards EnterpriseOne software.

To achieve the accreditation, Vanderkooy took part in a rigorous, multi-faceted program, which involved formal technical training, working closely with Q Software's own technical consulting team and hands-on involvement in service projects for major clients across North America.

"The Q Software Accredited Partner Program was put in place to ensure that Q Software users across the globe have access to high quality implementation and consulting services that will enable them to make the most of their JD Edwards and Q Software investment," says Steve Davis, Business Development Director at Q Software Global Ltd. "ERP-One was one of the first partners to achieve accreditation, and Matt Vanderkooy has demonstrated his technical excellence by delivering a wide range of services in multiple projects over a sustained period of time. We are delighted to recognize his skills by certifying him as our first Accredited Q Software Technical Professional."
